JULY 2018

<p>1</p>  <p>Survey friends and neighbors to find out their favorite flavor of ice cream. Graph the results.</p>	<p>2</p> <p>Practice spelling sight words by writing words in a tray of sugar or salt with your finger. Ask an <i>adult</i> for help!</p>	<p>3</p> <p>How many ways can you make 28¢ using pennies, nickels, dimes, and quarters?</p> 
<p>4</p> <p>Independence Day!</p>  <p>Use 3 or more complete sentences to answer this question: How does your family celebrate Independence Day?</p>	<p>5</p> <p>Use this code: a=1, b=2, c=3, d=4, e=5, f=6, g=7, h=8, i=9, j=10... Z=26. How much is your name worth? Can you find any words worth 100?</p>	<p>6</p> <p>Go on a walk in the park and then write and draw about what you saw!</p> 
<p>7</p> <p>Write the word for the number of circles.</p> 	<p>8</p> <p>Write a story about your favorite kind of weather. Describe it and tell what you would do on a day with that kind of weather.</p>	<p>9</p> <p>What time is on the clock?</p> 
<p>10</p> <p>Each day this week, list three activities you do and what time they begin. Don't forget to include a.m. or p.m.</p>	<p>11</p> <p>Write the numbers for these 5 words: eighty-three fifty seventy-six sixty-seven fifteen</p>	<p>12</p> <p>Read for 10 minutes or more.</p> 
<p>13</p> <p>Find foods that are in the shape of circles, triangles, squares and rectangles. List the foods next to their shape.</p>	<p>14</p> <p>There are 3 cows and 4 sheep on a farm.ⁿ How many animalsⁿ are there altogether?</p>	<p>15</p> <p>Watch TV for one half hour. Time how long each commercial is. How many total minutes were the commercials?</p>
<p>16</p> <p>Ask 10 people you know their favorite color. Use tally marks to record your data. Write 3 sentences about the data you collected!</p>	<p>17</p> <p>What time is it on this clock?</p> 	<p>18</p> <p>Write the word for the number of circles.</p> 

<p>18 Tommy told Tina to take Timmy's tuba. This sentence is full of words beginning with the T-sound. This is an example of alliteration. Write a sentence of your own with words that begin with the T-sound.</p> 	<p>19 Look inside a grocery store flier. Cut out the most expensive item. How much money would you need for 2 of them?</p>	<p>20 Read for 10 min. or more.</p> 	<p>21 Circle all the even numbers: 26, 95, 12, 72, 33, 94, 11, 110, 47.</p> <p>How do you know which ones are even?</p>	
<p>22 Write each of the following letters on a separate index card: f, r, i, e, n, d, s, h, i, p Then use your index cards to make words.</p>	<p>23  Keep track of the weather for a week. How many sunny days? Rainy days? Cloudy days? How many more days are sunny than rainy?</p>	<p>24 Think about the story you are reading. Write a note to the author telling him/her your favorite part.</p>	<p>25 Find an adult's shoe. Measure the length in inches and centimeters.</p>	<p>26 How many more words can you think of that end with -ug, -ut, or -un? Write them down! As you read today, try to find other words with these endings, and add them to your list.</p>
<p>27 If you see 8 people, how many eyes would you see? If there are 30 toes under the table, how many people are sitting at the table?</p> 	<p>28 Punctuate these sentences correctly: Do you go to school I can count to one hundred Do you like your teacher I walk to school</p>	<p>29 Cut out a picture from a flier or old magazine. Glue to a blank paper. Write a subtraction math story problem for the picture.</p>	<p>30 Read for 10 min. or more.</p>  <p>Good Job!</p>	<p>31 Estimate how many jumping jacks you can do in a minute. Now try it! 😊</p>

AUGUST 2018

<p>1 Read another chapter or the first few pages of a book on your reading list. Think about the beginning of the story. Tell a summary of the book to a family member.</p>	<p>2 Write the time 3 shown on the clock.</p> 	<p>3 Draw a picture illustrating a scene from a book you read this summer!</p>
<p>4 I have a machine that adds 5 to every number I put in. If I put in 4, what comes out? If I put in 16, what comes out?</p>	<p>5 Read a book to someone special</p> 	<p>6 This shape has 3 sides and 3 angles. Name this shape.</p> 
<p>7 What are three new words you learned this month? Write these words, their meanings, and illustrate a picture.</p>	<p>8</p> <p>12 - 6 = ?</p>	<p>9 Ask a family member to read a newspaper or magazine article to you, if you need help. Then, pick a sentence and see if you can read it aloud like a reporter.</p>
<p>10 Circle the odd numbers. 27, 16, 21, 54, 88, 45, 132, 347, 303. How do you know which ones are odd?</p>	<p>11 Spell as many words as you can, using these 10 letters: a, l, b, b, c, d, k, l, r, s. Divide your paper into 3 columns: 3 letter words, 4 letter words, & 5 or more letters. How many words can you make for each column?</p>	<p>12 Write your phone number. Add the digits. Is the sum of the digits MORE or less than 20?</p>
<p>13 Opposites are all around us! Think about the things you have done today. Write a word or phrase describing what you have done and then the opposite. Example: Run outside. Walk inside</p>	<p>14 Measure your height (inches). Record. Weigh yourself (pounds). Record. Look back at June 21st. How much have you grown?</p> 	<p>15 Play Hangman with your family!</p>

You are ready for Second Grade!
