

Thursday Mail 9/3/20

Dear Parents,

Just a few reminders as we head into the Labor Day weekend.

Drop-off: We appreciate your patience during this process. Students must remain in the car until they have been scanned. Please do not let your student out of the car until their scan has been completed. We appreciate that many people need to get to work and we are going as quickly as we can. Sometimes our younger students need a little extra time to get out of the car. Thank you for your cooperation.

Masks: Students, parents and siblings should have their masks on prior to pulling up for the morning screening. Masks must also be worn in the parking lot by parents and any siblings age 2 and over.

Water Bottles: Please remember to send a water bottle with your student each day. Drinking fountains may only be used to refill bottles throughout the day.

Student Absences: When reporting a student absence, either by phone or email, please detail the reason for absence including any symptoms, student temperature and any other reason why student is not going to be in school.

Early Pick-up/Late arrival: Please notify the office and homeroom teacher in advance if you are planning on picking up your student early or if they will be arriving to school late.

Peanut Butter: While we await all medical/allergy forms to be returned, St. Zachary remains a **"Peanut Free"** environment.

Lost and Found: There is no longer a lost and found box in the building. Please be sure to mark clothing with student's name. Items will be held for 24 hours if there is no name inside.

Student Name Badges: Students may continue to wear their name badge if they would like but they are no longer required.

No School Labor Day, Monday, 9/7: Enjoy the long weekend!

Thank you for your continued support.
